**MEMORANDUM**

TO: Mr. Donald Irwin  
Office of the Special Assistant  
to the President  
Room 204 - EOB

SUBJECT: Soviet Interplanetary Communications Commission

You will find attached two pieces of FBIS material. I believe these Moscow broadcast interceptions are the source of most of the material which has appeared on Soviet interplanetary efforts recently.

You will find the list of the members of the Interplanetary Communications Commission on page BB 2 of the yellow book.
